I suffered intensely with Rheumatism. The Rheumatism was in my hip, then in my shoulders, head, and finally in my back. I became such an invalid that my family nor friends would have me for me to survive long. I had tried so many different remedies for me by physicians (which contained a great deal of mercury) that my stomach was ruined and there seemed to be no hope for me. I had been reading in the newspapers of Dr. Williams' Pink Pills for Pale People. I decided to try it, and to my joy commenced to feel better. The second bottle was gone. After completing the third bottle I was an entirely different man, and felt that I was on a new life. The cure in my case has been so complete that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in good order. I have a good appetite, sleep well and feel fine.

Such treatment is helpful, healthy state before the cure is perfected. The former healthy state is restored to its former healthy state. It is guaranteed purely vegetable and physicians will cheerfully answer all letters.
